

# We Build a Snowman

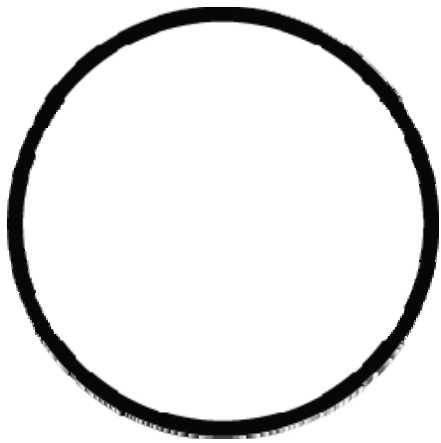

By \_\_\_\_\_

Our snowman is done. We are glad!

Then another.

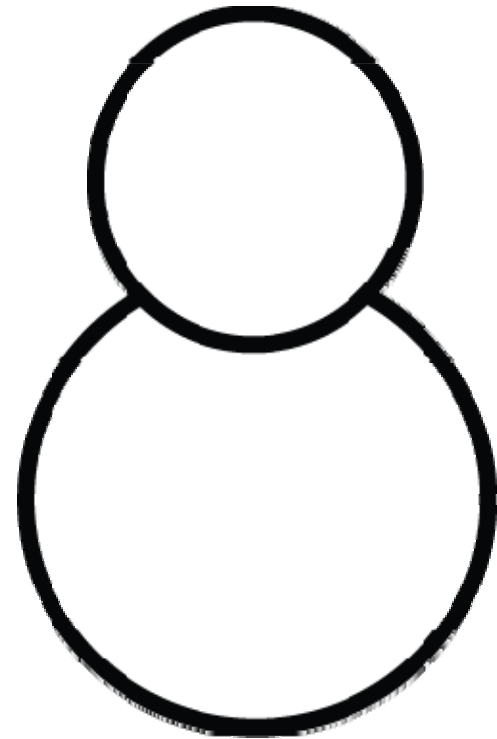

We roll a big ball for his base.

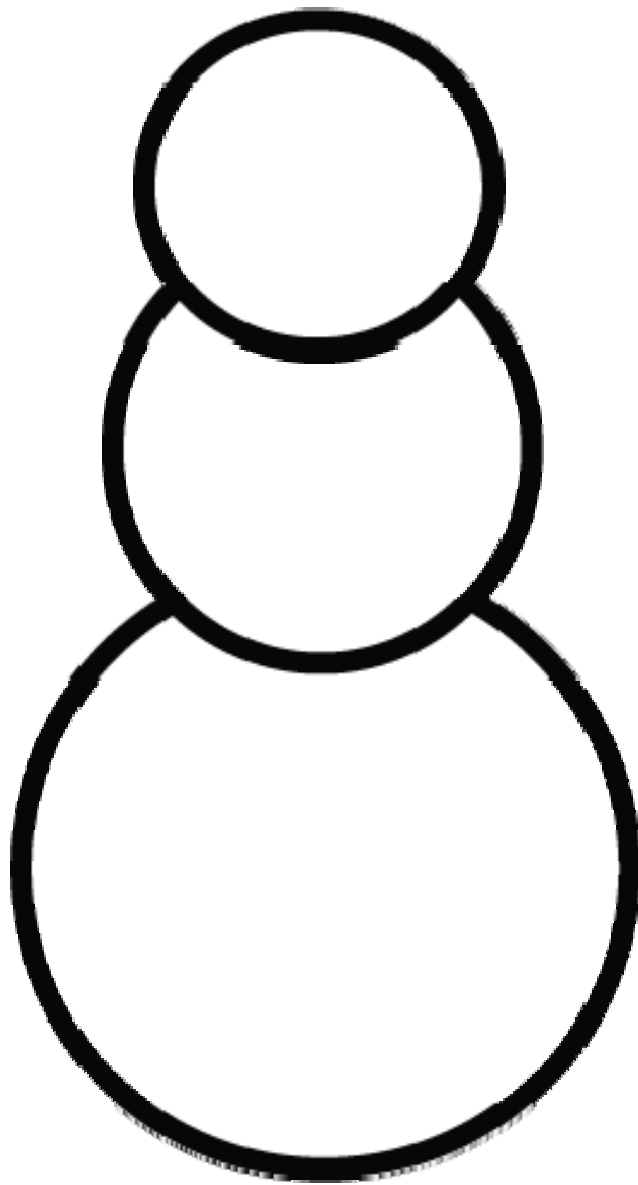

One arm we add.

His middle shows he is well fed.

We put a little ball for his face.

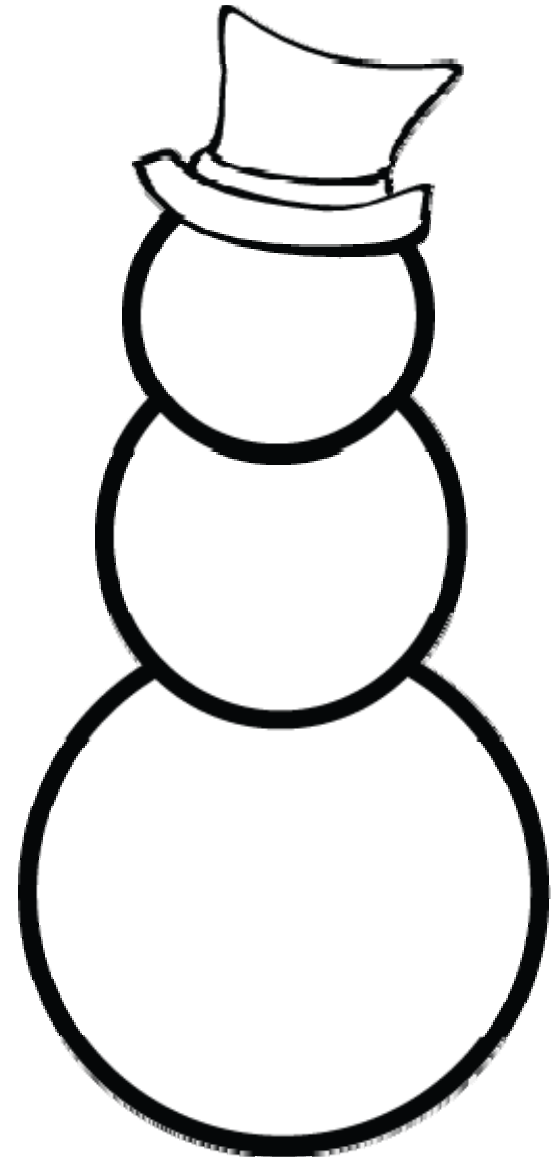

His scarf will keep him warm when the winds blows.

A smile shows he is full of  
glee.

We place a hat upon his  
head.

A carrot makes his nose.

We give him two eyes to see.
